Reading a Multiplication Table

A multiplication table has all of your multiplication facts right at your fingertips! Simply find the factors along the top and left side of the table. Where they cross over is the product! Practice with the next slide.

	1	2	3	4	5
1	1	2	3	4	5
2	2	4	6	8	10
3	3	6	9	12	15

$2 \times 3 = 6$
